The couch in Gordon's office is mostly for the convenience of those patients, or "clients," as therapists say these days, which are used to the traditional Freudian setting. Gordon's no traditionalist, as evidenced by the fact that he lets his patients call him by his first name. That's a familiarity no old-school therapist would have countenanced, but it wasn't enough for me: I had plans for that couch.

Therapists have "classic" explanations for patients who try to seduce them, something along the lines that the shrink is a father figure and the patient wants to substitute seducing the shrink for seducing the father. Gordon doesn't remind me at all of my father. I didn't need any excuse for seducing him. I just wanted his body.

Gordon has a great body; I bet he works out regularly. He's got the muscles and the leanness that makes him look like he can move slowly—and last. You just know that he's got the right moves. For maybe a month or two after I became his patient, I sat in his office with my mind only half on what was saying or what I was saying. The rest of my concentration was on him.

Was he married? I wondered. Did it matter? I was preoccupied with what appealed to him, what buttons I needed to push. I deliberately chose the couch one session, saying it was more comfortable. I stretched my body out fully. My extra-sheer pantyhose glimmered in

the dim light of his office. And my unrestrained breasts showed their outline through my clingy blouse. I rolled onto my side, so one curvaceous hip reached upward and my ass was visible at an angle. In this position I tried to think of something sexy to talk about.

The problem was in making the topic appear natural, not contrived, but it was difficult to think when my mind reeled as I mentally undressed him. His belly would be firm, his pubic hair darker than his brown beard, and growing from within that thatch would be a thick, purple-veined monstrosity of a cock. I briefly wondered if he had an uncircumcised foreskin.

My senses reeled at the thought of Gordon's strong and so edible body. I only could think of how to broach the process of getting with him I forgot what I had been saying. Gordon then asked the traditional question:

"What are you thinking about?" It gave me a natural lead-in, without telling him it was he who was in my mind. I told him what activity had been occupying my thoughts.

"I was thinking about sex," I told him. "It's been a while since I had a man eat my pussy the way I like. It takes a special lover for that, the same kind who inspires me to give my very best when it comes to sucking." I stretched out, showing my breasts in a full silhouette and arching my back, to make my body more emphatic. "A

man's cock in my mouth makes me feel so much more of a woman. Not that I feel insecure, as a woman, the rest of the time," I hurried to add. "But nothing makes me feel so good or as womanly as when I have a guy's sold hard-on in my mouth, and it's swelling up and filling me in response to my sucking."

Making sure my eyes were half-closed and sexy-looking, I peered over, at Gordon to see if he showed any signs of response. His shirt, open at the neck, revealed a hardy crop of chest hair. But my view of his was obscured by his pose. "Go on," he said, his voice level. I couldn't tell if it was the man in him that was interested, or merely the therapist.

Through the rest of the session, fantasies streamed out of my mouth and my body lay restlessly on the couch. It wasn't an act to provoke him into arousal or even an attempt to look sexy. My own imagination had gotten the better of me. Whether or not it was having the desired effect on Gordon, he was falling victim to my fantasies. Just one good one, I told him about, was that special time with a very special guy who was man enough to make my pussy steam up and bubble over.

His cock would be long and thick and strong, wide around so I really had a mouthful, my tongue stroking upward before my lips clamped around his rod. I could almost feel my lips kissing his balls, because every part

of him is beautiful. I described how my passions would be seething at the sensation of his dick swelling in the warmth of my mouth, before he even had done a thing to me. I told him how he knew there would be an orgasm building within me, just at the feel of him, as his trim, strong body moves to pump his hard cock more quickly in and out of my mouth. I dwelt on how his hands, grabbing my head, stroked down his shaft, were guiding forcefully so my strokes would match his. When his geyser was just about ready to spill and my pussy was overwrought, I would come before he did, before he even put his mouth to my cunt. It would be a forceful climax that would make my body tremble, though we both knew that 10 minutes later I'd be ready for more, and eager to feel his tongue on my clit.

My panties were saturated, but I still couldn't tell if I had gotten through to him, and the hour was up. "Good-bye, Gordon," I said, trying to say his name meaningfully. "See you next week." I looked him straight in the eye. The look he returned was impassive, but I had to believe I had made some inroads. Could he have listened to my hot desires without feeling something stir in that package between his legs?

All week long I dreamed of him. At work, my mind was filled with visions of Gordon's cock growing tall from the center of his pubic area; Gordon's mottled red

cockhead, thick and ripe with his juice; his balls, heavy and obscenely large; his lips and tongue, purveyor of delight to the pussy of any woman lucky enough or clever enough to experience this totally sensual man with his head between her legs. My aim was to be that woman!

At home the same pictures filled my mind, and I fingered off two and three times a night, always to the thought of Gordon. I squeezed my thighs together against my hand while picturing how his cock would feel against my compressing thighs.

No one has ever been as eager to keep a therapist appointment as I was to see Gordon that following Tuesday. Promptly lying down on the couch, I didn't wait for him to ask what was new. Instead, I plunged right into the sexy dreams I'd been having and how they were keeping me from getting my work done. There was still no reaction, so I got bolder. "It's you I've, been dreaming about," I told him.

He remained impassive.

"It's your maleness that comes through to me in every dream, your manhood I'm sucking on. Day and night I dream of you, and I only want to see if you are as I have dreamed you. That's the only way I'll get this out of my mind and be able to think of other things."

He still didn't stir. He shifted around in his seat, while keeping his face a blank mask.

"In the interest of therapy?" I asked, realizing I was starting to sound like I was pleading. That wasn't good.

"It would be highly unethical and improper for a client and me," he replied.

"Then I'm quitting therapy," I blurted.

"You can't do that!" he exclaimed. "We've only Just begun working."

"Then give yourself to me," I answered. "All of you, all over, in all ways. But let's start with a kiss on that beautiful cock. I already have an idea of what it has to look like, but I need to know if I'm right." I described to

him the way I had pictured his cock, and as I did I felt the wetness seep past my panties and onto the skintight jeans I was wearing. The woman-scented stain spread as the warm fluids escaped from my body. My cheeks flushed, not only with embarrassment but with desire. I felt that Gordon's resolve was faltering, but I knew in a minute he could snap back and steel himself, so I lunged.

As I expertly unzipped his fly, I fixed his eyes with mine and talked in a low but persuasive voice. The object was to keep him in my hold—not to startle him—into moving or pulling back. I had to mesmerize him till

I got my lips around him. Then I was confident I'd have him in no condition to want to escape. My fingers deftly searched for and pulled open the fly of his briefs and nimbly searched for the treasure inside. I talked about what I was going to do as I worked.

"Of course, you don't have to fuck me if you don't want to. I can just suck you off and let it go at that. You may be quite contented to know I've never had a complaint." I allowed myself a faint grin. "I like to do it slowly. Why rush the good things? First I'll kiss your ball sac, then the base of your cock, and then all the way up, little by little, till I reach the top. Then I'll lick you

all over the top and explore the eye of your cock with my tongue. Then I'll suck at the top of it with my mouth real lightly, and then I'll suck it sideways down the shaft and back up again. After that I'll keep the tip in my mouth and work it with my hand while I tongue you. Finally, I'll take the whole thing in my mouth, all the way down my throat. Like this... And with those words I gulped the entire length of his cock into my mouth.

It was easy, of course. He wasn't fully hard. Still, it was gratifying to see he was semi-hard; I obviously had some effect on him. I felt his body tense as he tried to resist me, so I took his cock all the way down again and managed to get part of one of his balls in as well. But then his cock swelled up more and I let the ball slip

back out.

Gordon sat back and asked me, "Is this really the only way you'll stay in therapy?"

Although it meant letting his cock out of my mouth to answer, I couldn't resist the opportunity. "You're justifying," I said, and he had the grace to laugh as my lips closed around his swelling cock.

The laugh subsided quickly into a long sound of contentment, somewhere between a groan and a purr, as his straining balls felt the warmth of my as it groped into his pants and encircled their wrinkled warmth. His cock swelled to its fullest size and I noted that indeed, it was purplish and reddish, dark-skinned and thick, ridged and veined, just as I'd imagined and hoped it would be.

My silky thighs squeezed together again and I bent down to a position where breasts touched and rubbed his knees as I sucked. Gordon's eyes were closed, the next time I looked, and his mouth was half-open in a dreamy smile, though his forehead was creased with lines of Intensity. His cock-head was assaulting my mouth like an angry ram, stuffing my throat with every forward charge till it was tough to give him the tonguing I wanted do.

Then suddenly he was in the midst of an explosive orgasm. The cords at the sides of his neck tightened, his head went backward and his mouth dropped open. A strangled howl came from his mouth, as what felt like a gallon of cum came blasting out of his massive cock. Our bodies quivered in unison, his with the letting-go of orgasm and mine with the need for it. He slumped backward over his chair, panting as I continued to tongue his cock clean of goo and waited for it to soften. It didn't; it stayed very nearly as hard as it had been, while I lightly sucked and reveled in the feel of its fullness. Finally, I decided it wasn't going to go soft right away. Well, if there was life in this old man yet, then I knew what good use he could put it to. Getting up, I took Gordon by the hand and led him to his couch.

"Lie down and let's talk it over," I said, as I quietly stepped out of my panties.

My story doesn't end there. Yes, of course we got down and fucked. And it's a good thing his lunch hour was after my appointment, or he'd have had some pretty angry patients. I was starving to feel his cock crammed up to the hilt in my cunt and I needed only him to scratch that itch. There was nothing else that would satisfy me but to be rammed to the roof of my pussy again and again by his strong, savage dick. All while my fingernails raked his shoulders and arms and my teeth nearly drew blood where they encountered his neck.

When I came, I didn't stop coming and I thought I counted him having two more orgasms. But for a point there I wasn't sure what was happening or how many times I'd come, or whether I was on a couch or on air. When we finished, my pussy felt full and the walls and tips felt thick; his cock and his scrotum were shriveled and wrinkled.

When I got to Gordon's office the following week, the couch was nowhere in sight. "I sent it out to be recovered," he explained, but I didn't buy that explanation for a second. He'd removed it from the room to avoid temptation from our path. Had he never had sex on the

floor before? Or in a chair with the woman sitting facing him; or standing up with the woman bent over in front of him? Whether or not he'd ever done any of those before, I don't know, but I know we did all of those that day.

Now he spends a double session with me every week—45 minutes of therapy and 45 minutes of hot fun. But therapy first; it's the only way he'll do it. The man drives a hard bargain, but it's either that or nothing. I knew he meant it.

Meanwhile, I'm thinking of changing dentists. See, he isn't sexy at all. But someone told me about a dentist with an office right near my house, who is very good looking, plus he's all man. After that, I'll think about finding a new gynecologist...

*My best friend
was referring to
the old neighborhood
where we had both grown up.*

Some Things Never Change

“Man,” Jay said, grimacing with disgust, “this place looks like hell . . .”

My best friend was referring to the old neighborhood where we had both grown up. Sitting there in the passenger seat, he sighed wearily as I wheeled into the student parking lot.

“Here we are,” I remarked. “Just like old times.”

“Hardly,” Jay muttered.

It had been ten years since either of us had returned to our alma mater. And with good reason. The neighborhood had gone to the shitter. High crime and urban blight had taken an immense toll on the area. Having long since moved to the suburbs, my friend and I had had no reason to revisit our old stomping grounds.

Until a few days ago.

That’s when we had both learned that the building was to be demolished at the end of the school year. Dwindling enrollment had led to the school district’s decision; come August all students would be attending some other high school.

Wanting one last look at the old place, Jay and I had embarked on today’s adventure.

Apparently, we weren’t the only ones. Another car was parked in the student lot. It was Saturday. There was no reason for anybody to be there. Hell, we shouldn’t have been there. Neither of us had told our wives as we hadn’t wanted them to worry about our safety.

Yes, the area was that bad.

Robberies and murders were commonplace. For this reason, I had brought along a handgun. Just in case . . .

I cut the engine, reached over Jay’s knees, and opened the glove box. My friend whistled when he saw the gun. The .32 auto felt good in my hand, its weight reassuring.

“Let’s do this,” I said to Jay.

He was already getting out of the car.

Breaking into the building probably wasn’t the brightest idea, but we had wanted to walk those

hallowed halls before they succumbed to the wrecking ball.

After all, this was to be an adventure. Just standing outside and staring at the building’s drab exterior would have been anticlimactic, a letdown of major proportions.

Gaining entry had been easy enough. The building was ancient, with no electronic security system to speak of. An unlocked faculty lounge window had been our point of ingress.

Now we combed the empty corridors, revisiting old classrooms as we made our way through the building.

“It’s just like I remember it,” Jay said.

“Some things never change,” I replied.

Jay regarded me with a devilish grin. “That reminds me.” He reached into his coat pocket and pulled out a pack of cigarettes.

“You still smoke?” I asked him.

“I do today. Come on, man. I’ve just gotta’ smoke one last cigarette in the boys’ room . . .”

“Be my guest,” I said. “They’re your lungs.”

No sooner had we reached the door to the boys’ room than we froze in our tracks. The noise had come from the nearby girls’ room.

Jay looked at me. “Somebody’s in there.”

I thought of the car in the parking lot. A fellow alumnus, I reasoned, had shared our desire to revisit the school. Either that or some random vandal had broken into the building.

“What should we do?” Jay asked.

“I don’t—”

“OH, YEAH! JUST LIKE THAT! FUCK ME, BABY!”

Jay and I looked at one another and smiled. Some chick was getting pounded in the girls’ room! And I couldn’t speak for my friend, but I was dying to know who. Perhaps I knew her, perhaps she had been a member of our graduating class . . .

Stowing the gun in my coat pocket lest I scare the restroom lovers, I moved past Jay and pushed the door open.

BLAIR-NTS-00

You know the cliché . . . the one about the hot high school cheerleader who gets old and fat? Well, it may be true in some cases, but Lacy Lennon was the exception to the rule.

Ten years had done nothing to detract from her good looks. Hell, she looked even better now. Her old cheerleader uniform fit her perfectly. That hadn't changed. And she was still an unabashed slut. Thankfully, that hadn't changed either.

I didn't recognize the guy fucking her from behind. Lacy's husband? Boyfriend? Not that it mattered.

Having lifted Lacy's skirt and lowered her panties to her knees, he fucked her from behind, banging her good and proper as she braced herself against the tile wall.

"What the hell—" he started to protest.

"Don't mind them, Bob," Lacy cut him off. "That's Jay and Mike. They were in my graduating class. I'm sure they're here for one last trip down memory lane before the school is torn down. Am I right, fellows?"

I was too enthralled with the scene to speak.

"Actually," Jay said, "I was going to smoke a cigarette in the boys' room when I heard you two—"

"Perfect timing," Lacy said. "Bob was just finishing up."

Bob pulled out and jerked off on her beautiful bum. "Who's next?"

Jay and I were speechless. Lacy said, "He's serious. Bob doesn't mind one bit. In fact, he loves to watch."

"Are you guys married?" Jay asked.

"Happily," Lacy said. "Now shut up and get over here."

I'm proud to say that Jay and I overcame our initial shock and put on quite a show for Lacy's spouse. The exhibition began with Lacy crouching on the floor and servicing both of our dicks at the same time. She gave spectacular head and was most adept with the handjob, too.

Jay and I were harder than algebraic word problems when she hopped up on the sink counter and spread her legs.

I hesitated, looking at my friend.

"Go on, man," he said. "Coming here was your idea anyway."

I pushed Lacy's skirt above her hips and moved into position, skewering her pussy with my stiff cock. Meanwhile, Jay stood there beside the counter as she stroked his member.

I thrust repeatedly, plunging my prick faster and faster, relishing the sensation of her tight clenching cunt. "There you go," Bob said. "Fuck that pussy . . ."

I don't know if it was her husband's encouraging words, Lacy's snug snatch, or a combination of the two, but I barely had

time to pull out before firing my wad. As for Jay—well, he got so excited he came right then and there, shooting his load as Lacy shucked him with her hand.

The four of us left together through the window in the faculty lounge, bidding a fond farewell to our alma mater before parting ways in the parking lot. Driving back to the idyllic suburbs, a silent and reflective Jay beside me, I was most thankful that I hadn't had to discharge my gun.

At least not the one in the glove box!

— Donald T., St. Louis, MO

Dirty Cop

Working in the evidence vault had never been part of my career plan. Oh sure, I had always wanted to be a cop—a beat cop; not some pencil pushing clerk who processed the cash, narcotics, and weapons obtained during the course of real police work.

By "real" I mean the gritty street-level stuff: collaring armed robbers, busting drug dealers, nabbing cold blooded murderers.

As far as I was concerned those were the real heroes on the force. And I should know. I had been one of them. Until a bullet to the leg had cruelly snatched me off the street and relegated me to this lousy desk job.

My leg had healed. I still walked with a slight limp, but nothing too severe. Most people didn't even notice. I should've been thankful. The bullet could have killed me,

The exhibition began with Lacy crouching on the floor and servicing both of our dicks at the same time. She gave spectacular head and was most adept with the handjob, too.

could have struck me in the heart or head.

Sometimes I wish it had.

Not only was my new job boring; it had also meant a reduction in pay. I was struggling to make ends meet, which made me highly susceptible to temptation.

Ever since my demotion I had been thinking seriously about stealing from the vault; there were so many valuables to choose from . . . cash to bank . . . guns and drugs to sell. A little here, I reasoned, a little there. Nobody would ever know. Things disappear. Items are misplaced. It's a fact of life.

Now, having weighed the pros and cons for the umpteenth time, I decided to go for it . . .

Standing in the silent vault, my heart racing, I plucked a banded stack of C-notes from a metal shelving unit and stashed it inside my purse.

Time to get out of here, I told myself, go back to your dreary little office and pretend like nothing ever happened. No sooner had I zippered my purse than I heard the familiar voice.

"Well, well, well . . ."

Stricken with panic, I turned one hundred and eighty degrees. Two rookie beat cops—Adams and Hill—stood just inside the vault door!

"It's not what you—"

"Can it, Ingram," Adams cut me off. "We saw the whole thing."

"Yeah," Hill said. "How much did you take?"

"It was a mistake." I reached inside my purse. "I'll put it back."

"It's too late for that," Adams said.

"Much too late," Hill added, looking smug and self-righteous as he played with his phone. "I recorded the whole thing. Here, take a look . . ."

The video was irrefutable. They had caught me in the act. I was screwed!

Oh, I was screwed all right.

Just not the way I had thought.

Thankfully, Hill and Adams were open-minded and willing to negotiate, willing to listen to reason; never more so than when I offered to fuck both of them in exchange for

their silence and deletion of the incriminating video.

I exited the vault in favor of my shabby little office. I took off my clothes. Hill and Adams did the same. Holding up my end of the deal, I bent over my desk. "Who's first?" I asked.

Adams leered. "That would be me."

He moved behind me, placed his hands on my hips, and proceeded to hammer my pussy. Hill stood beside us, stroking his cock slowly as he enjoyed the show. "You're one dirty cop, Ingram," he said. "In more ways than one."

Adams pounded me with ferocious thrusts. His

was a big dick and I enjoyed it. Still, I was ready for his partner. Watching Hill masturbate had made me yearn for his schlong which, if my eyes weren't deceiving me, was even bigger than Adams's.

Panting as he neared completion, Adams pulled out and grunted upon release. "Arrrrrgggghhhhh!" Hot spunk spattered my ample ass seconds before the spent cop dropped into my desk chair.

Then Hill took over, plunging his prick into my cunt. Turns out my eyes hadn't deceived me. He had Adams beat in the size department. Bent over like I was, my tits pressed against the desktop, I was his for the taking.

The horny cop took full advantage of his opportunity, drilling me from behind with relentless authority. Like Adams, he pulled out intending to come on my ass.

But I had another idea.

Turning around and kneeling before him, I sucked Hill to completion, pumping my head until he grunted and fired his wad into the back of my throat.

"Wow," Adams remarked. "Hill wasn't kidding. You are a dirty cop, Ingram. The dirtiest I've ever seen . . ."

I swallowed the totality of Hill's hefty load. "I'll take that as a compliment, Adams."

"I'd rather you take it up the ass," he remarked.

Hill chuckled. "Now you're talking."

"Come back tomorrow," I told them.

They came back, all right. And my poor bum was sore for a whole week!

—Larya I., Toledo, OH

Turning around and kneeling before him, I sucked Hill to completion, pumping my head until he grunted and fired his wad into the back of my throat.
